RE: Discontinuing Acceptance of CMS 1500 (12/90) and UB

As of 10/1/07 the UB 92 will no longer be acceptable (even as an adjustment claim) and all institutional claims must be on a UB 04.

Medicare issued a notice that the new CMS 1500 (08/05) must be used by July 1, 2007 and any claim not delivered to them by June 29, 2007 would be returned.

University Health Plans, Inc. (UHP) will no longer accept the old forms, UB-92 or the CMS 1500 (12/90), after 10/1/07.

Even though we will process claims during our Dual Submission/NPI Contingency period using either the NPI or legacy identifiers, we will not accept either of the old claim forms.
